Fingerstick Prothrombin Time Testing Now Available at Three Bellingham Patient Service Centers

WHAT'S NEW?

Effective Thursday, March 1, 2012, PeaceHealth Laboratories will offer fingerstick Prothrombin Time (Prottime) testing at three Patient Service Centers in Bellingham. No appointment is necessary.

UNIT CODE

25035

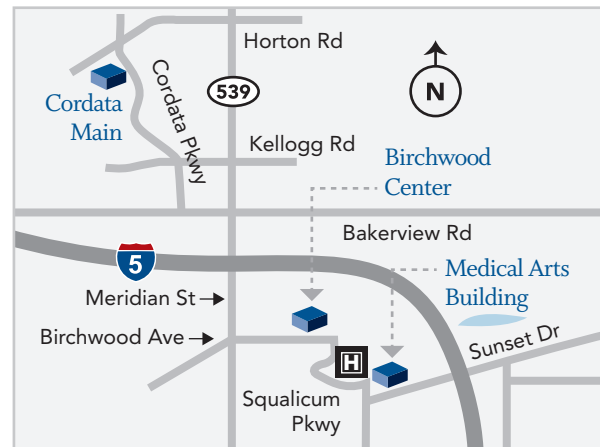

Prothrombin Time, must be ordered by a provider

RESULT

If the fingerstick INR value result is >4 or "critical," the test will automatically reflex to a blood draw (Unit Code #25000 Prothrombin Time) and no initial report will be generated. Turnaround time will be the same day as tested.
